Precision Hobby Tools

An introduction:

Delta Precision Hobby Tools

Delta Precision Hobby Tools are produced by Pageley Pty Ltd. Pageley has been established since 1980, and distributes hobby products throughout Australia and New Zealand.

We are very pleased to present the latest edition of the Delta Precision Hobby Tools catalogue.

Our aim with Delta is to provide our hobby customers with first class hobby tools, paintbrushes, and accessories in quality packaging, at highly competitive prices.

The reception to Delta since its inception has been very pleasing indeed, so we do thank everyone for their strong support!

THE DELTA GUARANTEE: Our aim is that Delta products should be of the finest quality. If you are not happy with a Delta product, we will cheerfully provide a full refund. Prior authorisation from Pageley is required.

We aim to continuously strengthen and expand the Delta line, and welcome any comments or suggestions that you may have.

The Delta Product Range

GLUING TIPS & MODEL SETS

10345 ULTRA FINE GLUING TIPS

10 ultra fine gluing tips to enable the precise application of cyano acrylate – super glue. Compatible with most major types of glue bottles.

Shelf pack – 12 pcs.

10368 ULTRA FINE GLUING TIPS

50 ultra fine gluing tips to enable the precise application of cyano acrylate – super glue. Compatible with most major types of glue bottles. The economical way to source gluing tips!

Shelf pack – 6 pcs.

21001 MODELLERS TOOL SET

The ideal first tool set for the budding modeller! The Modeller's Tool Set is designed to include the basic tools a modeller will need to successfully assemble their first model. Consequently it is an ideal "add on" sale to accompany a model kit purchase. Includes No 1 Light Duty hobby knife, modellers' paintbrush, and 140mm miniature file.

Shelf pack – 12 pcs.

21003 MODEL BUILDERS SET

Basically, the same as 21001 Modeller's Tool Set, but with the addition of a Model Building Tips Guide, and high quality GSI Creos Plastic Model Cement, to provide all of the basic materials needed to assemble a plastic model kit. Our recommendation: this is the complete solution, with everything required in one package.

Shelf pack – 12 pcs.

HOBBY KNIVES AND BLADES

31001 #1 LIGHT DUTY KNIFE & #11 BLADE

Four jaw chuck, knurled handle.
Fine angle cuts, etching, scoring, carving scraping & trimming.

*Blister card packaging
Includes safety cap*

31002 #2 MEDIUM DUTY KNIFE & #2 BLADE

Four jaw chuck, knurled handle.
Cutting, gouging & sawing.

*Blister card packaging
Includes safety cap*

31004 LIGHT DUTY SOFTGRIP KNIFE & #11 BLADE

Soft grip neoprene sleeved handle for comfort.
Fine angle cuts, etching, scoring, carving, scraping & trimming,
non roll.

*Blister card packaging
Includes safety cap*

31005 #5 HEAVY DUTY KNIFE & #24 BLADE

Four jaw chuck, moulded handle for comfort.
Can be used with standard razor saw blades.
Perfect for wood, cardboard, paper & plastic.

*Blister card packaging
Includes safety cap*

21002 ART & CRAFT HOBBY KNIFE & BLADE SET

Delta #1, #2, & #5 handles.
5 pcs blades for #1 handle.
8 pcs blades for #2 & #5 handles.

For precise trimming, cutting,
carving, sawing, gouging &
angle cuts.

Blister card packaging

31111 TUB 80 PCS #1 LIGHT DUTY KNIVES

32111 TUB 240 PCS #11 FINE POINT BLADES

32002 #2 HOBBY BLADES

Angled blade for cutting medium weight materials.
For #2 medium duty knife & #5 plastic handled heavy duty knife.

*Blister card packaging

41001 10 ASST 140MM FILES W/ VINYL STORAGE POUCH

This set of ten 140mm (6") files contains all of the popular files that a modeler or handyman would need – round, half-round, flat, equalling, triangular, knife and square.

All of the files are well presented in a hangsell vinyl storage pouch.

Shelf pack – 6 pcs.

41002 12 ASST 100MM FILES W/ VINYL STORAGE POUCH

This set contains 12 assorted miniature 100mm (4") files ideal for the modeller or any craftsman engaged in precision work. All the popular file profiles are included – round, half-round, flat, equalling, triangular, knife and square.

All of the files are well presented in a hangsell vinyl storage pouch.

Shelf pack – 6 pcs.

42000 SERIES FLEXPADS:

Ideal for modelling, and general sanding – wherever a fine and precise touch is required.

Abrasive grits are on both sides of the FlexPad, with a flexible foam core between the two. Each pack contains six FlexPads.

42001 EXTRA FINE FLEXPADS

#320 grit, blue colour

Shelf pack – 12 pcs.

42002 FINE FLEXPADS

#240 grit, grey colour

Shelf pack – 12 pcs.

42003 MEDIUM FLEXPADS

#220 grit, pink colour

Shelf pack – 12 pcs.

42004 COARSE FLEXPADS

#180 grit, black colour

Shelf pack – 12 pcs.

42005 ASSORTED FLEXPADS

Extra fine 2 pcs,
Fine x 2pcs,
Medium x 1pc,
Coarse x 1pc

Shelf pack – 12 pcs.

FILES AND ABRASIVES SPRUE CUTTERS

53001 HIGH GRADE SPRUE CUTTERS

Professional quality high grade Sprue Cutters designed especially for the most demanding of modellers.

Single edge (ie one cutting edge, one angle edge). Designed for cutting polystyrene and ABS plastic of less than 4mm diameter. Ultra thin and super sharp. Highly competitively priced.

Shelf pack – 6 pcs.

53002 LIGHT DUTY SPRUE CUTTERS

Ideal for removing plastic model kit parts from their sprues accurately and safely, with a minimum of flash.

Not designed to cut metal.

Economically priced.

Shelf pack – 12 pcs.

53003 MEDIUM DUTY SPRUE CUTTERS

A versatile pair of cutters, ideal for removing plastic kit parts from sprues, but also strong enough to cut soft metal wire such as copper up to 0.5mm diameter.

Shelf pack – 12 pcs.

53004 HEAVY DUTY SPRUE CUTTERS

Our strongest pair of sprue cutters.

While these will produce a very precise cut when removing plastic model kit parts from their sprues, they are also strong enough to cut soft metal wire such as copper up to 1.3mm in diameter.

Shelf pack – 12 pcs.

DELTA VISION TWEEZERS

62001 HELPING HANDS WITH MAGNIFYING GLASS

Shelf pack – 6 pcs.

The ideal tool to provide you with a much needed helping hand! This tool is ideal for securely holding any work, freeing up both your hands to work with. It features a solid cast iron base, a glass magnifying lens and two alligator clamps to securely hold your work.

62002 MAGVISOR W/2 LED LIGHTS

Shelf pack – 6 pcs.

The Magvisor magnifier actually has three levels of magnification. One level is 2.2 times, and is always visible to both eyes. However, inside the visor is a flipdown magnifier which provides an additional level of magnification. Finally there is the attached eye loupe, which can be positioned on either side with a screwdriver. So the magnifier provides 2.2 to 4.8x levels of magnification. Lenses are acrylic. In addition, there are two LED light pods (each powered by two AAA batteries) to shed extra light on the object being worked upon.

62003 DELUXE MAGVISOR W/INTERCHANGEABLE LENSES

Shelf pack – 6 pcs.

Includes four different magnification interchangeable lenses – 1.2 x, 1.8 x, 2.5 x, 3.5 x, complete with convenient storage case. Light features two LEDs.

62004 ILLUMINATED MAGNIFIER W/ 6 /LEDS

Shelf pack – 6 pcs.

Hand held magnifier featuring 65mm diameter lens of optical clarity for easy viewing of fine details and print.. 4 x magnification. Two levels of illumination.

62005 TABLETOP MAGNIFIER W/LED LIGHTS

Shelf pack – 6 pcs.

Primary lens of 108mm features 2.0 x magnification. Accessory lens of 24.8mm features 4.0 x magnification. Flexible metal lens support can be bent into many positions. Ideal for modelling, reading, craft, needle work, coin and stamp collecting and much more.

64001 FOUR ASSORTED TWEEZERS W/ VINYL POUCH

Shelf pack – 12 pcs.

Four 120mm stainless steel tweezers comprising the most wanted types – straight, pointed, self-closing, curved and stamp/decals – contained in a quality vinyl storage pouch. Very attractively priced, this one of our most popular line of tweezers.

PINVICES & DRILL BITS PAINTING ACCESSORIES

66001 - SWIVEL PINVICE W/4 CHUCKS

Shelf pack - 12 pcs.

This swivel head pin vice is ideal for holding drill bits, reamers, needle files, screws, taps, wires...even pins. The free swivelling hexagonal head means that it is especially suited for drilling and tapping, with its fast turning action. The two reversible collets feature four chucks, which are capable of holding micro size drill bits from 0 to 0.125 inches.

66002 - 20 PC ASST HIGH SPEED STEEL MICRO NUMBER DRILL BITS

Shelf pack - 6 pcs.

20 pieces High Speed Steel Number Drill Bits ranging from size 61 (0.039", 0.99mm) to size 80 (0.0135", 0.343mm). All contained in a numbered storage drill index.

66003 - 20 PC ASST HIGH SPEED STEEL MICRO DRILL BITS - METRIC

Shelf pack - 6 pcs.

20 pieces High Speed Steel Metric Drill Bits ranging from size 0.3mm to 1.6mm. All contained in a numbered storage drill index.

66004 - 10 PC ASST HIGH SPEED STEEL MICRO DRILL BITS - SHANKED

Shelf pack - 6 pcs.

10 pieces High Speed Steel Shank Drill Bits ranging from size 0.5mm to 2.2mm, all with 2.5mm shank. Ideal for use in powered rotary tools. All contained in a numbered storage drill index.

DELTA 83011 & 83012 MINI PAINTING CLIPS

Pageley is delighted to announce the renewed availability of the new 83011 Mini Painting Clips. These are the ideal way to hold model parts securely while they are being painted.

Each clip is mounted on a stainless steel cable 16cm long, and can be mounted on either a piece of polystyrene foam or cardboard.

Even easier, use the new 83012 Deluxe Mini Painting Clips, which come complete with a metal base to support the clip and model component!

83011 MINI PAINTING CLIPS

The Mini Painting Clips are the ideal way to hold model painting components securely while they are being painted or worked on. Simply insert the stainless steel cable in styrene foam, or cardboard. Packed 24 pieces per hangsell package.

83012 DELUXE MINI PAINTING CLIPS

The Deluxe Mini Painting Clips improve on the original Painting Clips, as they come complete with a metal base to support the clip and model component, and are self-supporting. Ideal way to hold components securely while they are being painted or worked on. Packed 15 pieces per hangsell package.

Both: Shelf pack - 12 pcs.

HOBBYIST PAINTBRUSH COLLECTION

HOBBYIST PAINTBRUSHES

942/945 SERIES TORAY HOBBYISTS PAINTBRUSHES

The **942 (round)** and **945 (flat)** ranges of brushes feature high quality toray (white nylon) fibres sourced from Japan, with final assembly in China. The Delta range of quality paintbrushes are designed to provide the average toy and hobby, craft or artists' supply shop with a display stand containing a balanced selection of high quality and attractively priced Delta paint brushes, ideal for all modelling tasks.

Replenishment stocks are available in packs of 12 brushes per size. Brushes are also available in quality hangsell packaging at no additional charge.

The brush handles are colour coded to enable easy identification:

942 (round) series – gold handles with black ferrules

945 (flat) series - silver handles with black ferrules

These series combine high quality with attractive pricing, and are our largest selling ranges of paintbrushes – the ideal general purpose brushes, suitable for a multitude of uses.

Please note that quantities of any particular brushes may be increased if desired. We will supply a Delta paintbrush stand to contain the range of Delta 942/945 paintbrushes with all opening standard package orders.

Property of Pageley Pty Ltd.

DELTA PAINTBRUSHES

962/965 COSMOTOP SPIN HOBBYISTS PREMIUM PAINTBRUSHES

The Delta Premium range of brushes have been produced for us by one of the highest quality artists' paintbrush manufacturers in Germany, who have been making high quality paintbrushes since the 19th century.

They come complete with an ergonomically designed hexagonal formed handle, to make painting with smaller sized brushes a pleasure. Each brush is meticulously finished – handles are stained red, lacquered and polished for a first class presentation, while the brass ferrules are nickel plated, for an attractive appearance combined with durability and resistance to corrosion.

The fibres employed are golden (i.e. synthetic) sable (cosmotop-spin) for high paint absorption and a smooth spring-like action, combined with high resistance to wear.

These brushes are a literally work of art!

We will supply a Delta paintbrush stand to contain the range of Delta Premium paintbrushes with all opening standard package orders.

982/985 KOLINSKY RED SABLE PAINTBRUSHES

Over the years, we have received many requests for an ultra premium range of genuine red sable modellers' paintbrushes.

Consequently, I am delighted to announce the launch of the latest addition to the Delta modellers' paintbrush line – the 982 and 985 series of genuine kolinsky red sable paintbrushes.

These are produced by the same German manufacturer who produces the Delta 962 and 965 series paintbrushes, so I am sure that the quality of these brushes will speak for themselves. These brushes are ideal for fine detail work, and wherever the finest finish is desired.

They feature the popular hexagonal handles of the 962/5 series brushes, with a high gloss green/grey lacquer finish, and chrome-plated brass ferrules.

All brushes are individually bar-coded.

As we have received many requests from modellers for small size brushes, a 20/0 size round brush has been specially produced. Kolinsky red sable fibres are the noblest and most precious brush fibres available, being sourced from the winter tail hairs of the Siberian sable, 'mustela sibirica'.

They give the paintbrush the ability to hold more paint on the brush with a longer drying time.

In addition, Kolinsky red sable fibres have greater, more lively elasticity than cheaper fibres, and regain their shape more quickly once paint has been applied.

These advantages give the modeller much greater and more precise control in the fine application of paint. A countertop stand to display brushes is provided with opening orders for full brush packages, or individual hangsell packaging is available.
